PRICE LIST

HENRY KOHANKIE & SON

Spring 1928

We offer herein a complete list of hardy ornamental nursery stock. Our nursery of five hundred acres affords material to meet practically every need in landscape development. Stock is well grown and supplied with a fibrous root system which is of vital importance in the success of a planting.

All material will be freshly dug. We maintain no storage cellars since the superiority of freshly dug stock is recognized generally.

With few exceptions, the plant names used conform to "Standardized Plant Names" as adopted by the Joint Committee on Horticultural Nomenclature.

Please Read Carefully!

CONDITIONS OF SALE

Stock will be supplied at prices named herein as follows: Five of any one variety at ten rate; twenty-five of any one variety at hundred rate. Prices do not include packing. A charge for the actual cost of the boxes and material used in baling will be made.

Stock specially selected by customers at the nursery will be charged according to its value.

We give no warranty, expressed or implied, as to quality, description, productiveness, or any other matter of any nursery stock that we sell.

We do not guarantee our stock to live and no allowance will be made for plants that fail. Our methods of handling and packing stock are modern and goods will be in good condition and well packed when they leave our grounds. Our responsibility ends upon delivery to carriers. If goods suffer through delay in transit, claim should at once be made on **transportation company**.

All claims for errors must be made within six days after receipt of goods, or positively will not be considered.

Unknown correspondents who wish to open an account will please give us references and allow us sufficient time to investigate same. Otherwise, cash must accompany order. If goods are desired C. O. D., the order must be accompanied by one third of the amount to guarantee acceptance.

Shipping facilities—We can make direct shipment over the N. Y. C. R. R.; B. & O. R. R.; N. Y. C. & St. L. R. R.; American Railway Express and Electric Package. A siding to our packing house direct from the main line of the New York Central railroad enables us to handle stock with a minimum of exposure.

Auto Truck Delivery—We are in a position to make deliveries by auto truck to points within seventy-five miles of Painesville. Charges are made according to the size of truck required and the distance.

Evergreen Trees

In this department our stock is thrifty and fibrously rooted, having been several times transplanted. Failure to frequently transplant results in a coarse root system; an evergreen so grown, regardless of how symmetrical and attractive the top may be, is almost certain to give poor results. Prices include lifting the plants with a ball of earth and sewing in burlap as an extra precaution that the plants may arrive in the best of condition.

Deciduous Trees

We recommend that all varieties marked with an asterisk be lifted with ball of earth and sewed in burlap. Experience has shown that the loss in these plants, which is otherwise high, is reduced to a minimum if handled in this way. This will involve an extra charge per plant, as follows:

2-3'—30c; 3-4'—45c; 4-5'—60c; 5-6'—75c; 6-8'—95c; 8-10'—\$1.25. Larger sizes in proportion. In all instances where the varieties are marked "B. & B." these charges are included in the printed price.
